Community Engagement (cont.)

Key Themes Identified Across Sessions #1–#3

Challenges

- **Access Barriers Persist:** Long waits, limited after-hours access, and complex insurance/certification processes remain challenges.
- **Transportation & Housing Instability:** Transportation difficulties and limited housing support affect care retention.
- **Need for Clearer Communication:** Clients seek clarity on Part A vs. Part B services and stronger provider-client communication.
- **Call for More Client-Centered Engagement:** Desire for personalized care, simpler processes, youth education, and more client voice opportunities.

What's Working

- **Value of Peer Support & Ryan White Services:** Clients appreciate care, medication, food support, and peer navigators.

Community Engagement (cont.)

Community Engagement (cont.)

Addressing the AIDS Drug Assistance Program (ADAP) Crisis

- Received updates and shared testimony from the community leaders at a Senate Appropriations Committee on Health and Human Services
- Reviewed statewide and local impact on clients
- PSRA received updates from Parts A, B, C, D, F, and FQHC partners
- Reinstated the Local Pharmacy Advisory Ad-Hoc Committee
- Reviewed detailed cost analysis and funding scenarios from the Recipient Office
- Discussed eligibility options and service category implications
- Voted to adjust Federal Poverty Level (FPL) thresholds in select categories

Special Thanks!

For your continued commitment to our shared mission and for your unwavering support of the HIVPC whenever called upon.
