Ryan White HIV/AIDS Program 2013 Reauthorization: Comments Requested

HRSA/HAB is requesting comments regarding reauthorization of the Ryan White legislation, which will take place in 2013. The Ryan White HIV/AIDS Program is the largest Federal program specifically dedicated to providing HIV care and treatment. It funds heavily impacted metropolitan areas, States, and local community-based organizations to provide medical care, medications, and support services to more than half a million people each year. Currently authorized by the Ryan White HIV/AIDS Treatment Extension Act of 2009, the program will be up for reauthorization by the U.S. Congress in 2013.

To inform that reauthorization, HRSA encourages stakeholders, including grantees, advocacy organizations, State and local administrators, and other members of the Ryan White and HIV/AIDS communities to provide comments on all aspects of the program. Comments should be organized under headings that clearly indicate which Part (Part A, B, C, D or F) the comment addresses. HRSA has established a web page with details on how to submit comments.

Comments are due July 31, 2012

HRSA will hold at least four webinar or teleconference listening sessions over the next few months, each focused on a different geographic region. Dates, times and other details will be available in near future.

1. **Call to Order**
The Chair began the meeting at 1:32 p.m.

2. **Welcome and Introductions**
The Chair welcomed everyone and self-introductions were made. Attendees were notified of information regarding the Government in the Sunshine Law and meeting reporting requirements, which includes the recording of minutes. In addition, they were advised that the acknowledgement of HIV status is not required but is subject to public record if disclosed.

3. **Moment of Silence**
A moment of silence was observed.

4. **Approve Today's Meeting Agenda**

Motion #1	To "approve the 4/19/12 Meeting Agenda with an addition"				
Proposed by:	Karlene Tomlinson	**Seconded by:**	Michael Rajner	**Action:**	Passed
***Addition**: To add an item after Item #9 "Discussion of Time Management"*					

5. **Approve 2/16/12 Meeting Minutes**

Motion #2	To "approve the 2/16/12 Meeting Minutes"				
Proposed by:	Michael Rajner	**Seconded by:**	H. Bradley Katz	**Action:**	Passed

6. **Part A Grantee Report**
The Part A Grantee reported final stages of the Request for Proposal process. Applicant interviews will be conducted on 05/01 and 05/02 after which the scores will be given and the awarding of funds process will take place. Implementation of contracts which include MAI Services category Medical Case Management modeled after the (peer based) ARTAS program will be effective 7/1. On the monthly call with project officer at the beginning of the April, there was discussion of doing over the potential unexpended Grant Award which is anticipated to be approximately $300,000 and is a combination of MAI and non-MAI carryover funds. The project officer was not anticipating any carryover but due to Late Notice of Grant Award there is one, which is historical. These funds should generally go toward ADAP. There was notification that HRSA was reorganized (first time since 1997). There are going to be more project officers lessening the work load, hence more time can be spent with grantees. There was a National Monitoring Standards call earlier in the week and on that call, Harold Philips, who has worked with this EMA (eligible metropolitan area) announced himself as Deputy Director of States which may indicate that states have been broken up, so the project officer for this EMA may change. Updates will be provided.

7. **Committee Reports**
   A. **Membership/Council Development Committee (MCDC)**
   There was no April meeting. The Chair would like to have a discussion at next meeting reviewing Council structure which will include covering alternates and ensuring that the right people are in the seats. The

committee will hold discussions on recruiting a representative from the Veterans Association (VA) to the Council as this is a seat mandated by HRSA (Health Resources and Services Administration). The Grantee noted the procedure is not simple and process will need to be discussed. The HIVPC Chair asked for clarification on adding members to committees, when referring to Parts A or B. The Grantee responded that they need to be ratified by the HIV Planning Council. The process of Part Bs being added to joint committees was discussed especially when members do not know the difference between the Parts. The Grantee stated that there needs to be a clarification between both Parts A and B in order to explain this to anyone who is interested in becoming a joint committee member. Grantee noted that the discussion should not take place at the committee level but with the Chairs. Quorum at joint committees was discussed and it was reiterated that there is no delineation as to how many from each Part needs to be at the meeting, but a general quorum is needed for the meeting to take place. Member stated that Part B mirroring must be more inclusive. Member noted this discussion can take place at the next Joint Executive Meeting or with Kim Saiswick after the JCCR Committee meeting on May 1, 2012. Past Part A Co Chair of JCCR reminded that there is a Power Point presentation given at a JCCR outreach event at the Mizell Center which detailed the definition of Part and Part B.

B. Quality Management Committee (QMC)
There was no meeting..

C. Other Committees

- **Joint Client/Community Relations Committee (JCCR)**
  Report is as stands; copy on file.

- **Priority Setting Resource Allocation Committee (PSRA)**
  Report is as stands (copy on file) with one addition: The Part B Co-Chair has resigned from the Committee. The Chair reported on the committee's re-stratifying ensuring that the ***Super Core*** (Medical, Pharmacy and Oral Health) will be fully funded regardless of funding cuts. Eligibility for Outpatient Ambulatory Medical Care (OAMC) and Pharmacy were identified. A member noted that LPAC should be consulted on a motion like this (changing eligibility) and it was suggested that he Chair of LPAC should sit at Joint Priorities when required. This was requested of the LPAC Chair in the past. It was also suggested that as LPAC has an ongoing purpose it should not be an ad Hoc committee but standing committee –Staff to research the intent of making LPAC from. The HIVPC Chair recommended to the Joint Priorities Chair that the LPAC Chair to be consulted as to if he would like to sit on Joint Priorities meetings as needed, going forward.

- **Joint Planning Committee**
  Report is as stands (copy on file) with one addition: "Member noted the PE System was a robust system". Consent Item sent forward to HIVPC.

- **Local Pharmacy Advisory Committee (LPAC)**
  Report as stands; copy on file.

8. Approve HIVPC Agenda

The HIVPC Agenda was reviewed and approved:

Consent Item #1	To "Approve the HIVPC Agenda as amended"				
Proposed by:	Michael Rajner	**Seconded by:**	Brad Gammell	**Action:**	Passed
Changes:	*Separate Old Business and New Business making each it's own agenda item*				

Member expressed that the new Agenda stationery with all the footers does not reflect the HIV Planning Council and recommended that the HIVPC should have its own letterhead. The old format of the HIVPC Agenda (2010) was reviewed and it was agreed by all that it was a better format. At next Executive meeting, a few samples of Agendas can be put forward.

9. Review HIVPC Calendar

Consent Item #2	To "Approve the HIVPC May 2012 Calendar with Amendment"				
Proposed by:	Karen Creary	**Seconded by:**	Michael Rajner	**Action:**	Passed
Changes:	*To list the location of Joint Executive Committee Meeting in May.*				

10. **Discussion of Time Management**
Time management at meetings was discussed and the Chair suggested index cards and other methods that can be implemented to ensure the discussion is not unnecessarily lengthy.

11. **Communication: Communicating the Committee's Needs** (to Support Staff)
The Chair suggested a form be implemented for directives to support staff. Recommendation: Information requested will be noted on minutes. Chairs of committees are asked to initiate the data request form at the committee level.

12. **Attendance Policy Follow-Up Discussion**
Discussed were criteria for excused absences, Part B attendance/removals 'discretion of the chair' and note from the doctor when a meeting is missed. A member noted that the attendance policy does not state that a doctor's note is needed when a meeting is missed.

13. **Old/New Business**
   A. **Committee Attendance Warning Letter** states "At the direction of the MCDC Chair" but it was signed by the HIVPC Chairs. This was clarified as Membership/Council Development Committee as the group that reviews attendance and thus sent to the HIV Planning Council Chair and Vice Chair for signature.

   B. **Parking Lot Items**
   There is a Parking Lot Items document where items have been discussed in the past and should be discussed in the future for clarification are listed. This was not reviewed by the Committee at this meeting.

14. **Public Comment**
There was no public comment.

15. **Request for Information/Directives**
Staff was asked to (i) bring samples of HIVPC Agendas to the next Executive meeting, (ii) Agenda item for a future meeting "Challenges working with Part B", (iii) research Power Point under JCCR Committee that defines Part A and Part B, (iv) work with committee Chairs to create Request for Directives form at the committee level.

16. **Reminder:**
Meeting attendance is required at least 48 hours prior to meeting date.

17. **Agenda Items for Next Meeting**
   - Standing Agenda Items
   - Challenges Working with Part B
   - Defining the Parts at Joint Meetings

18. **Next Meeting Date**
Thursday, May 17 2012 at 1:30 p.m. at Carpenter House. 4414 N. Surf Road, Hollywood, 33019

19. **Adjournment**
The meeting was adjourned at 4:11 p.m.

Proposed by: Joint Priorities

7. **Discussion Items**

   8. **May Committee Reports**

A. Joint Client Community Relations Committee (JCCR)– May 2, 2012 Meeting
Part A Co-Chair: K. Creary, Part B Co-Chair: L. Washington
The Committee heard Part A, Part B, and ADAP reports. Members provided presentations on three of the four Special Populations identified during the April meeting for community outreach (MSM, Adolescents, Women, and Latinos). Several themes emerged during the presentations, with one notable common theme to utilize peers in community outreach efforts. Members requested that individuals representing the four groups attend the June meeting in order to present their needs firsthand to the Committee. Members discussed planning an event for the Fall of 2012 and requested the development of a calendar of community events scheduled for September and October in order to coordinate the community outreach event with other scheduled events. *Agenda Items for Next Meeting:* Standing Agenda Items, Update Regarding the Consumer Survey Schedule, Special Populations Presentations, Community Outreach Event Planning. *Next Meeting Date:* June 5, 2012.

B. Membership/Council Development Committee (MCDC) – May 3, 2012

Chair: H. Bradley Katz, Vice Chair: Tara Wilson

The Committee reviewed HIVPC demographics, vacancies, current applicants and interested parties, and attendance. The Committee was concerned with the language in the HIVPC/Committee warning and removal letters. The letter in its current form suggests the Committee is directing the HIVPC to provide the warning instead of indicating the letter is sent from the HIVPC in line with established attendance policies and procedures. Members requested the template letter be reviewed at the next meeting. Members discussed the process for recruiting new members onto the HIVPC. They requested a calendar of upcoming events be provided at the June meeting in order to determine if the Committee can use the events to recruit new members. The Committee discussed steps to update its work plan and agreed that discussion is needed to develop the recruitment plan, membership orientation process, and clarify the mentoring program. In addition, the work plan must reflect the status of each activity. In order to develop the FY2012-2013 work plan, the Committee agreed to hold an all day retreat on June 7, 2012 at the Carpenter House. *Next Meeting:* June 7, 2012. *Agenda Items for Next Meeting:* Standing Agenda Items, Review Planning Council Demographics and Vacancies, Review Current Applicants and Interested Parties, Review Attendance Policy, Develop Committee Work Plan.

C. Joint Planning Committee – May 14, 2012 Meeting

Part A Co-Chair: K. Tomlinson, Part B Co-Chair: K. Saiswick

The Committee heard a presentation from the Broward County Health Department analyzing the three-year trend epidemiological trends for HIV/AIDS. The number of HIV cases did not increase, while the number of AIDS cases declined 4 percent. The demographic trends remained relatively consistent in that period. The Department noted rising numbers of cases among the 30-39 and 40-49 age groups. The Part A Grantee asked the Committee for any recommendations to Joint Priorities about populations to target. After a discussion, the Committee agreed the present focus was appropriate and recommended no changes. A guest, BCHD Medical Epidemiologist, said a 10-year look-back may show more, and the Committee asked for that report for its next meeting. The Part A Grantee noted that epidemiological data gathered for the Comprehensive Report may give new insight. The Committee recommended that Joint Priorities take into account the spending impact of new CDC recommendations that HIV+ people be in drug treatment as a way to increase prevention. The Committee suggested the BCHD Epidemiologist brief Joint Priorities in June about highlights of the trends, including MSMs, the Black Community and the various age groups. *Agenda items for the next meeting*: Standing Agenda Items, Client Survey Input. *Next Meeting Date*: Monday, June 11, 2012.

D. Local Pharmacy Advisory Committee (LPAC) – May 14, 2012 Meeting

Chair: Dr. S. Abel

Brad Gammell, HIVPC Vice-Chair, performed chair duties in the LPAC Chair's absence. The Committee continued to review recommended additions to the Part A Formulary. The Medical Network provided recommendations for medications that have become difficult to access through a Patient Assistance Program (PAP) thereby creating a barrier to treatment. The Medical Network recommended adding Statins (currently on Tier 3 of the Formulary) and oral Diabetes medications (the current Formulary contains injectable insulin and one oral option, Actos, which the Medical Network has recommended be removed). The Committee agreed to add the oral Diabetes medications Glipizide, Glyburide, and Metformin to Tier 1 to address the lack of available first line oral Diabetes agents on the Formulary. The Committee estimated an annual cost to Part A of approximately $15,000. The Committee expressed concern regarding the lack of Statins on Tier 1. The Committee requested that the following information be provided at the next meeting: 1) updated data on Statins pricing in order to estimate the impact of adding either Crestor or the generic form of Lipitor to the Formulary, 2) an estimate from the Medical Network of the percentage of Part A clients who need Statins but are not obtaining them as a result of PAP-related barriers. The Committee expressed concern regarding shipments of the appetite stimulant Megace to providers without clear dosing instructions. Clinics and pharmacies are bound by law to dispense medications with clear dosing instructions to ensure client safety; the PAP's process poses both a legal and client safety concern. The Committee will address this matter again at the next meeting. *Agenda Items for Next Meeting:* Standing Agenda Items, Review of Recommended Additions/Deletions to the Formulary, PAP Drug Labeling. *Next Meeting:* June 2010 (exact date TBD).

E. **Joint Priorities Committee – May 16, 2012 Meeting**
Part A Co-Chair: C. Taylor-Bennett, Part B Co-Chair: TBD
The Committee reviewed the changes made to the Policies and Procedures, noting that further changes need to be made to reflect the 'stratification' that was discussed at the 4/18/12 retreat. Part A Co-Chair and support staff will redraft this document. The eligibility criteria document reflecting the 2012 FPL (Federal Poverty Limit) for the three 'supercore' services was reviewed and discussed with regard to being "funded at a minimum." As for the PSRA process, the committee agreed to have a guest (Medical Epidemiologist from the BCHD) conduct a short EPI Data Presentation at the June 13th meeting. The PSRA timeline was reviewed. The Committee will meet twice in June (13th and 20th) and Priority Setting Resource Allocations (PSRA) will take place in July. *Agenda Items for Next Meeting:* Standing Agenda Items, EPI Data Presentation, PSRA Data Review. How Best to Meet Need Language. *Next Meeting:* May 16, 2012.

F. **Joint Executive Committee – May 17, 2012 Meeting**
Chair: S. Kuryla, Vice Chair: B. Gammell
The meeting did not meet quorum. The Part A Chair held brief discussion on The Effect not taken place at the time of this printing.
Next Meeting: July 12, 2012.

G. **Part A Executive Committee – May 17, 2012 Meeting**
Chair: S. Kuryla, Vice Chair: B. Gammell
The meeting had not taken place at the time of this printing.
Agenda Items for Next Meeting: Standing Agenda Items. *Next Meeting*: June 21, 2012.

H. **Quality Management Committee (QMC) – May 21, 2012**
Chair: Michael Rajner
The meeting had not taken place at the time of this printing.
