I. Welcome/Introductions

The meeting was called to order at 2:41 p.m. CQM Support Staff welcomed everyone and individual introductions were made.

II. Quality Improvement Project Check-In Activity

The CQM Staff presented a video from the Institute for Healthcare Improvement regarding PDSA Cycles. The PDSA cycle is part of the Model for Improvement and each cycle is a learning experience that helps refine the answers to key questions for quality improvement. We emphasize building knowledge about changes that will result in improvement, mirroring a “trial and learning” approach.

The video can be found at: https://www.youtube.com/watch?time_continue=3&v=LiH3l8hG2CY

III. ~~Mentimeter Break~~

IV. C.A.T. PDSA Poster Activity

Quality Network members participated in an activity that involved them visualizing and outlining their PDSA cycles on posters. The CQM staff provided a demonstration on how to do the activity and the

expected contents of the posters. After posters were finished, each provider discussed their PDSA cycles to the other Network members. As a part of the C.A.T. activity, providers were prompted to provide positive feedback to presented PDSA cycles. A question and answer-style discussion followed each poster presentation.
